TUB to SHOWER CONVERSIONS

TWO CHOICES to choose from at an AFFORDABLE PRICE!

1

A Tub to Shower Conversion from One Day Bath can turn your under-used outdated tub into a fully functional shower. Unlike major bathroom renovations, tub conversions can usually be complete in **as little as one to two days** for a more affordable price.

NJ LIC # 13VH07801300

2

AFTER

BEFORE

The Tub Cut is just a half day process that converts your existing tub into a walk-in shower with a factory finish. A simple shower curtain or shower door holds the water in.

How To Kill A Business In Ten Easy Steps.

1. **Don't advertise.** Just pretend everybody knows what you have to offer.
2. **Don't advertise.** Tell yourself you just don't have time to spend thinking about promoting your business.
3. **Don't advertise.** Just assume everybody knows what you sell.
4. **Don't advertise.** Convince yourself you've been in business so long customers will automatically return to you.
5. **Don't advertise.** Forget that there are new potential customers who would do business with you if they were urged to do so.
6. **Don't advertise.** Forget that you have competition trying to distract your customers away from you.
7. **Don't advertise.** Tell yourself it costs too much to advertise and that you don't get enough out of it.
8. **Don't advertise.** Overlook the fact that advertising is an investment in selling - not an expense.
9. **Don't advertise.** Be sure not to provide an adequate advertising budget for your business.
10. **Don't advertise.** Forget that you have to keep reminding your established customers that you appreciate their business.

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Level: Advanced

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

When you buy from a family owned business you are not helping a CEO buy a third vacation home.

You are helping a little girl get lessons, a little boy get his team jersey, a mom or dad put food on the table, a family pay a mortgage or a student pay for college.

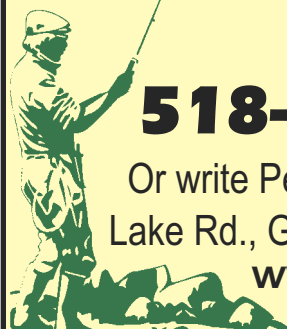

Our customers are our shareholders.

They are the ones we strive to make happy.
